

Profile

Motivated and detail-oriented **MERN Stack Developer** with hands-on experience building scalable web applications using **MongoDB, Express.js, React.js, and Node.js**. Proficient in developing **RESTful APIs**, integrating **front-end UI with backend services**, implementing **JWT-based authentication**, and managing databases. Skilled in **React.js, Redux, Context API, hooks, component architecture**, and building responsive UI with **Tailwind CSS and Material-UI**. Strong command over debugging, performance optimization, Git workflows, and deployment on **Vercel, Netlify, Render**. A collaborative team player with a passion for writing clean, maintainable code.

Professional Experience

Web Developer
Dwrko Technologies
12/2024 – Present

Projects

My Portfolio

- Designed and developed a responsive personal portfolio showcasing skills, projects, and contact information and implemented dark/light mode

Mini Amazon

Developed a Mini Amazon Clone using React, featuring product listing, search, add-to-cart, and checkout functionality.

Todo App

- Built a task management app with add, edit, delete, and mark-as-complete features.
- Integrated LocalStorage for persistent task saving across sessions.

Github

Active GitHub profile with project repositories and clean commit history.
